

BIRMINGHAM

5th & 6th March

Don't Miss this Event

Paritor™

Music Hub Conference

The Federation of Music Services is working in partnership with Paritor Ltd to make sure that Music Services and other key organisations are able to collect and utilise data from partners across music education hubs.

The FMS and Paritor are holding two, single day seminars, on 5th and 6th March to discuss in detail the statistics and information to be collected and exchanged across hubs between lead organisations, partners and the Arts Council. There will be a detailed look at Data Protection issues, the commercial implications of Partner Agreements, and the methods required to manage and collect data across the whole of a hub and the submission of statistics to the Arts Council of England.

Working closely with the FMS, Paritor has designed two 'free to use' pieces of software providing tools for hub partners to collect necessary data and for lead hubs to electronically collect and collate this data, analyse and submit to ACE.

The seminars will be held at The Beeches Hotel and Conference Centre in Birmingham and will be invaluable to Heads of Service and to key Administrative Personnel in Music Services. It will also be of great interest to other partners working with music education hubs.

Agenda

10:00am	Registration
10:30am	Morning Session
12:30pm	Lunch
1:30pm	Afternoon Session
3:30pm	Summary
